SLIDING SHADING

ELVIAL created the sliding shading systems that will help you control natural light, and have it your way. Let both the light and shading system work for you.

ESSENCE

SD55

PLAY WITH THE LIGHT

ESSENCE SD55 is a beautiful shading system, which with its minimal and uncluttered lines will upgrade the appearance of your building.

This aesthetic is further enhanced by the quality construction of the system.

SOPHISTICATED & MINIMAL
Minimal design with a uniform appearance of a **15mm** profile.

EXCEPTIONAL FUNCTIONALITY
Hidden scroll mechanism with maximum sash weight 140kg.

WITH THE ESSENCE SD55 SHADING SYSTEM FROM ELVIAL YOU WILL LOVE THE LIGHT EVEN IN THE SUMMER MONTHS!

The light we desire in the winter to improve heating performance, we try to avoid in the summer to improve cooling performance.

ELVIAL's **ESSENCE SD55** system with the choice of vertical or horizontal shading allows you - depending on the orientation of the surface to be shaded - to reduce the temperature inside, create a more comfortable climate and save energy and air conditioning costs.

COMPATIBLE WITH THE ELVIAL CLADDING SYSTEM

COMFORT & EASE
Possibility of electric construction with remote control.

SAFETY
Different locking solutions.
